# Project Cargo

You can trust Logistics Plus to handle your global cargo projects. We handle freight that the “the other guys” can’t or won’t, and we manage your project from start-to-finish.

Your logistics plan will be customized for your unique project needs—from a comprehensive, pre-shipment evaluation of potential risks, costs and delivery schedules, to route and port surveys, coordination of proper packaging of components, required documentation handling, and transportation mode analysis. Every shipment is coordinated with tailored plans, and even the most demanding projects are executed with care and precision. However challenging the geography, however complex the lift, our project cargo experts work closely with engineers and contractors to ensure that every project is planned, delivered and completed on-time and to exact specifications.
