What our customers say...

Good afternoon! I realize you all know how good you are. But for the record, at our company, we have many other options. Yet time and again, you simply do it better, faster and for the right price. It is called, just get it done. And I really appreciate it!!
Instrumentation Products Manufacturer

Thank you, thank you, thank you. I so appreciate your help. You’re the best! I knew once I copied you I would get an answer. I wasn’t involved in this movement but, of course, I was asked to follow up on it anyway. Have a great day!
Specialty Dyes and Chemicals Company

I want to thank you and the rest of the Logistics Plus team for working so hard to complete our project in such an efficient and professional manner. I really appreciate everyone’s extra effort to ensure shipments went smoothly and quickly from origin to job site. I also really appreciate the excellent communication with the entire team throughout the project.
Solar Industry Manufacturer

You are a small percent of the companies I work with (and I work with many) that actually take charge of their work, takes responsibility of the work, and most importantly, shows pride in what they do. It is my pleasure to work with you. I have also made a point to my customer that he could have not picked a better freight forwarding company to move his containers.
Leading Food Crafting Company

If you’re looking for an awesome freight forwarding company that knows the Amazon business, I’d like to introduce you to Logistics Plus. Logistics Plus has been helping me for more than a year now. Their team is great! I highly recommend them.
Online Retailer

We were curious to see if we’d see any savings considering the discounts we had negotiated over the years — and, sure enough, we have. Since we began working with Logistics Plus, we have been very pleased with the responsiveness of their representatives and how easy the eShipPlus online freight management tool is to use.
