- Pay invoices online

Sourcing Truckload Capacity Is Difficult

It takes a lot of time making multiple phone calls to carriers, searching for the right equipment and drivers in the right place at the right time, and ensuring your selected trucker has the proper operating authorities and safety ratings – not to mention finding a fair, affordable price. Well, the good news is you have an experienced Logistics Plus team that is ready to help – from planning to delivery, and everything in between.

With Logistics Plus, finding and quoting affordable truckload capacity is quick, easy and free. From start to finish, our experienced truckload specialists will coordinate your shipment every step of the way. For over 21 years, our staff has been coordinating daily with hundreds of shippers and thousands of national, regional and specialized freight carriers to secure capacity, find the best rates, create bills of lading, schedule pickups, track loads, and everything else that comes with shipping full (FTL) and partial truckloads within and across North America. Whether you need standard or expedited delivery service, domestic or cross-border – our team has you covered.

We Have Thousands of Pre-Screened Carriers

National Truckload Division

NTL (National Truckload) provides regional and national truckload services. In 2018, *Transport Topics* magazine named us to their Top Contract Carriers list.

Dedicated and Contract Transportation Solutions

NTL is an independently-operated asset-based and brokerage provider of truckload and less-than-truckload (LTL) transportation, warehousing, industrial painting and maintenance, and crating and packaging services. Founded in Erie, PA, with an additional facility in Lexington, NC, today it has a diverse mixture of people and equipment with a strong focus on providing dedicated solutions.
