

Logistics Plus Linguistic Solutions (LPLS)

LPLS was founded by a group of language, logistics and military veterans to fulfill one mission -- to raise the bar and set new standards for clients who require language services. Our philosophy is simple; we hire the best people, deliver the best work and we do it at a fair and competitive price. Our family is comprised of ethnically diverse and culturally aware seasoned professionals in the fields of language services and training, recruiting, intelligence, security, logistics, information technology, government relations and military operations.

What sets LPLS apart from the competition is that we understand the nature of the work from multiple perspectives. We understand our client's needs because collectively our staff comes from and has worked in all the roles that shape this industry. We understand the military because we are military veterans. We understand logistics because we are logistics experts, and we understand linguists because we are linguists too.

We are team players with a focus on forming long-term strategic partnerships that will provide individuals, corporations and the U.S. Government with foreign language interpretation and translations services of the highest quality. LPLS knows what it takes to support our customers worldwide, and our hand-picked veteran linguists stand ready to deliver.

As our client, your goals are our goals; as our employee your needs are our needs. We have walked a mile in both our clients' and employees' shoes and therefore we know what it takes to build relationships, deliver on commitments and create the best possible work environment. We at LPLS invite you to experience the rewards of working with a team that will settle for nothing less than the best in everything we do.

Dear Mr. Zinnekeh:

On behalf of the Erie County Department of Health (ECDH) I want to thank you and your staff at Logistics Plus Linguistic Solutions for the superb customer service that you have provided to this agency over the last 7 months. Your commitment to quality service through provision of certified interpreters for ECDH clinical and home visit services has "raised the bar" on the quality of interpretive services for the refugee and immigrant customers that ECDH serves. It has met a request that I have had from Pennsylvania Department of Health for several years now to utilize certified interpreters for interpretive services whenever possible.

Your consistent professional approach has earned the trust and respect of the ECDH. The interpreters that Logistic has provided have been prompt, courteous and professional. The passion that you have for providing quality interpretive services is reflected in their work practices.

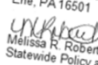

The ECDH looks forward to a long working relationship with you as we strive to provide high quality services to our non-English speaking customers.

RE: Thank you

Dear Mr. Zinnekeh,

I just wanted to take a moment to thank you and your staff for the personal attention and priority that Logistics Plus Linguistic Solutions provides to the Department. We have submitted some rather complicated projects to date which have been met with enthusiasm and creativity.

As you know, the Department has used other translation services in the past, in which all projects were submitted and retrieved electronically. The fact that you deal with your clients personally and make your self accessible speaks to your professionalism and passion for the services that your company provides. All of our documents/projects that we receive back have exceeded expectation and the turn around time for project completion is highly commendable.

I enjoy working with you and again, thank you, for the outstanding service you continuously provide to the Commonwealth of Pennsylvania.

Dear Mr. Zinnekeh:

I just wanted to thank you and the entire staff of Logistics Plus Linguistic Solutions for your assistance in providing the Erie County Court of Common Pleas with professional Court interpreting services over the past several months. As you know the Court has been dealing with the State Supreme Court requirements to only utilize State approved and Certified Court Interpreters in Erie County.

You and your company have displayed the willingness to work with our Court to achieve this goal. You have displayed a professional demeanor in dealing with my office and the Judges and clients that your staff has interacted with. You have also shown a passion to work with us and to work towards achieving the goal of the Supreme Court for certified interpreters.

I, on behalf of the Court, look forward to working with you in the future as I see our relationship as a long-term commitment to serving the needs of the community. Thank you for your assistance.

Sincerely,

Thomas C. Aaron
